

## Redmine - Defect #8590

### Base Auth is not working with mod\_fcgid for REST API

2011-06-10 22:17 - Bruno Medeiros

<b>Status:</b> Closed	<b>Start date:</b> 2011-06-10
<b>Priority:</b> High	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	<b>Affected version:</b> 1.1.3
<b>Resolution:</b> Duplicate	
<b>Description</b>	
<p>I tried to use Redmine's REST API with base auth through Apache's mod_fcgid and could not make it work. It happens because apache don't sent auth information to fcgi scripts by default, but the .htaccess should handle that with a rewrite rule, as follows:</p> <pre>RewriteCond %{REQUEST_FILENAME} !-f RewriteRule ^(.*)\$ dispatch.fcgi [E=X-HTTP_AUTHORIZATION:%{HTTP:Authorization},QSA,L]</pre> <p>It was fixed on <a href="#">this post</a></p>
