Redmine - Defect #8590

Base Auth is not working with mod_fcgid for REST API

2011-06-10 22:17 - Bruno Medeiros

Status:	Closed		**Start date:**	2011-06-10

Target version:				
Resolution:	Duplicate		**Affected version:**	1.1.3

Description

I tried to use Redmine's REST API with base auth through Apache's mod_fcgid and could not make it work. It happens because apache don't sent auth information to fcgi scripts by default, but the .htaccess should handle that with a rewrite rule, as follows:

```
RewriteCond %{REQUEST_FILENAME} !-f
RewriteRule ^(.*)$ dispatch.fcgi [E=X-HTTP_AUTHORIZATION:%{HTTP:Authorization},QSA,L]
```

It was fixed on this post
