Strange, it shouldn't happen, but it's difficult to debug it without knowing the particularities of your database. If it doesn't contain top secret informations, you can send me a dump jeanbaptiste.barth [at] gmail.com, I'll see if I can reproduce and find out where the problem is.

### #5 - 2011-06-20 04:05 - Jean-Baptiste Barth

Just two things more :

- please precise if it occurs only on some projects or on the cross-project view (and detailed steps to reproduce if needed)
- if you send me the dump, please mention the URL to this issue in your email so it rings a bell for me

Jean-Baptiste, the information is confidential, so i can't send it. Structure the project is:

main project 1 (is being queried)  
sub-project 1.1  
sub-project 1.2  
sub-project 1.3  
sub-project 1.3.1 (archived)  
sub-project 1.3.2  
sub-project 1.3.3  
sub-project 1.3.4 (archived)  
sub-project 1.3.5 (archived)  
sub-project 1.3.6  
sub-project 1.3.7  
sub-project 1.3.8 (archived)  
sub-project 1.3.9 (archived)  
sub-project 1.3.10  
sub-project 1.3.11  
sub-project 1.3.12  
sub-project 1.4  
sub-project 1.5  
sub-project 1.6 (archived)  
sub-project 1.7 (archived)  
sub-project 1.8  
sub-project 1.9

Jean, i can send more information? you need i execute any test?

Thank

Rodrigo

**#8 - 2011-06-26 17:05 - Jean-Baptiste Barth**

It's ok, I'll have a look at it but maybe not right now. I already saw some problems counting paginated results, don't know if they're related.

Hi Jean-Baptiste, I update the last version and the problem persist. You have any patch to test?

Thank

**#10 - 2011-07-13 20:50 - Etienne Massip**

Could you please try to remove (temporarily) your plugins and restart the application ?

Hi Etienne, I remove the plugins and the problem persist.

Show me:

| *1 2 3 4 Next » (1-100/347) | Per page: 25, 50, 100*

but in the page 3 show me: "No data to display"

Plugins:

**#12 - 2011-07-20 09:30 - Etienne Massip**

- Target version set to Candidate for next minor release

**#13 - 2011-07-20 10:08 - Etienne Massip**

#8848 tell us it is due to archived projects.

**#14 - 2011-07-20 23:56 - Etienne Massip**

Query#issue\_count (source:/trunk/app/models/query.rb#L504) returns:

```
Issue.count(:include => [:status, :project], :conditions => statement)
```

Should be:

```
Issue.visible.count(:include => [:status, :project], :conditions => statement)
```

**#15 - 2011-07-23 13:28 - pasquale [:dedalus]**

- File patch.diff added

proposed patch

**#16 - 2011-07-23 16:02 - Etienne Massip**

- File pagination\_fix\_with\_tests.patch added

Same with tests issues\_count and issues\_count\_with\_archived\_issues.

Please note that default test data includes issues which are not visible, so both tests would fail without the Query fix.

**#17 - 2011-07-24 18:49 - Jean-Philippe Lang**

- Subject changed from Problem with pagination to Pagination counts non visible issues
- Status changed from New to Resolved
- Target version changed from Candidate for next minor release to 1.2.2
- Resolution set to Fixed

Patch applied in r6314, thanks.

**#18 - 2011-07-29 17:46 - Rodrigo Guerrero**

thanks!!! my problem was resolved!

**#19 - 2011-10-24 22:16 - claude g**

Can someone please create a link with #9411 (same bug but in roadmap with totals closed/open)? (Or cancel #9411 if it's corrected with this patch ?)

**#20 - 2011-11-11 12:33 - Jean-Philippe Lang**

- *Status changed from Resolved to Closed*

Merged in r7765.
