

Redmine - Patch #872

Issues - placement of buttons in filter

2008-03-16 20:51 - Kai Olav Fredriksen

Description			
I see that new users tend to not "find" the buttons to apply a filter and such.			
It seems that it would be more intuitive with a left-alignment than the current right-alignment.			
I will attach two .jpgs to illustrate.

Revision 1346 - 2008-04-13 13:18 - Jean-Philippe Lang

Left align filter buttons (closes #872) and reduce filters spacing.

I had the same concern; I've found you only need to change the line below.
I'd recommend this be merged into the mainline, it seems less confusing.
