

## Redmine - Defect #8815

### Invalid search results with paging

2011-07-14 14:30 - Oleg Aksenov

<b>Status:</b>	Closed	<b>Start date:</b>	2011-07-14
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Search engine	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	1.2.0
<b>Resolution:</b>	Duplicate		
<b>Description</b> To see this bug try to perform "Search" by any word with more than 10 results. I reproduced this bug on both my system (1.2.0) and current Redmine.Org version.  To reproduce, please, try this: <a href="http://www.redmine.org/search/index/redmine?issues=1&amp;q=German">http://www.redmine.org/search/index/redmine?issues=1&amp;q=German</a>  10 minutes before posting this bug search produced 73 results. On the last page, I saw only one issue (instead of expected 3). Surprisingly, after returning to the first page I saw two issues instead of 10.  P.S. On my installation search produced 13 results. On the last page, I saw only two issues (instead of expected 3). And, after returning to the first page I saw 10 issues but one of them was "missing" from last page.
