Description	
Hi ! In some cases I've got reports with a lot of columns, so my screen is not large enough and I have to scroll. Would it be possible to hide the right panel ? Something like a little button/link on top "Show"/"Hide".

Ну, да, кстати, полезная штука была бы. Еще бы, как-нить, лишние комменты в задачах скрывать/раскрывать кнопкой.

+1

We will perhaps develop ourselves a patch.
