

## Redmine - Patch #9066

### Redmine.pm not working for merges/copy #3727

2011-08-16 10:59 - Andreas Reischuck

<b>Status:</b>	New	<b>Start date:</b>	2011-08-16
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	SCM extra	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			

#### Description

This issue seems related to the https-subrequests which will not contain the authentication credentials required to pass the authen\_handler.

I added a line that works around this.

I guess if the main request was declined no user would get into a sub-request anyways. If that assumption is wrong, additional checks that the main request was authenticated should be applied.
