Redmine - Defect #9131

Link to attachment broken in notification email at issue creation

2011-08-26 13:05 - pasquale [:dedalus]

Status:	Closed		**Start date:**	2011-08-26
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Email notifications		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	1.2.1

Description

When add\edit issue with attachments, redmine should be save first attachment list and only after sending mail notification: now if I add an attachment with clickable link (for example attachment:file.txt) in mail notification the link isn't clickable because I suppose that file isn't already saved into attachments folder.

This is very annoying bug

In my Redmine 2.2.3 the links are working, if I click over the link the browser open and the attached file is showed.
But #2770 is steal there ..

#5 - 2013-03-21 22:41 - Etienne Massip

- Status changed from Needs feedback to Closed

- Resolution set to Invalid

Agreed.
