Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Email notifications	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Duplicate		
Description			
<p>Hello everyone,</p> <p>we are internet company and we are using redmine as our central project management platform. One of our customer has reported a issue about emails in outlook.</p> <p>I've attached a screenshot from the email how it is displayed in outlook. I've already done a search for this issue, but didnt found anything...</p> <p>Here some more hintes / informations:</p> <ul style="list-style-type: none">- This issue effects not every email, many emails works properly- Maybe there is a corelation to the number of recipients (emails that not working, seems to have more recipients)- we checked the source code of the email. there is one recipient, after that follows two CrLf (all other emails followed just by one CrLf) <p>greetes</p> <p>Michael</p>
