Target version:				
Resolution:	Fixed			

Description
Redmine is a brilliant tool but checking its compatibility with rake, rail and ruby makes its installation a bit tricky. A simple installer that would integrate the different compatible ressources in one bundle would be nice.

Related to Redmine - Feature #5638: Use Bundler (Gemfile) for gem management	**Closed**	**2010-06-02**

History

#1 - 2011-09-08 14:51 - Etienne Massip

Should be resolved by using Bundler (#5638).

#2 - 2013-01-25 22:05 - Jan Niggemann (redmine.org team member)

- *Status changed from New to Closed*

- *Resolution set to Fixed*

Closing, since the author of this ticket didn't give feedback he must be OK with the solution.
