<b>Description</b>			
<p>Today I can't delete a role, when there are useres assigned to this role.</p> <p>There is an error message <i>Diese Rolle wird verwendet und kann nicht gelöscht werden.</i> (Role in use, can not delete).</p> <p>Currently (Redmine 1.2.1) there is no information about assigned users. This information could be added in the <i>role overview</i>.</p> <p>And there should be an option to delete a role with the option to assign users to a different one instead.</p> <p>I'm using Redmine 1.2.1</p>
