<b>Resolution:</b>	Fixed		
<b>Description</b>			
<p>I'm using 1.2.1 and I wonder why I cannot get issue search results grouped by user/version-format custom fields.</p> <p>Is there any restriction to have such grouping features? Or I'm simply missing some configuration needed?</p> <p>Any suggestions appreciated. Thanks.</p>

#### Associated revisions

##### Revision 10073 - 2012-07-24 19:39 - Jean-Philippe Lang

Ability to group and sort the issue list by user/version custom field (#9419).

#### History

##### #1 - 2012-07-16 23:22 - Jeffrey Clark

+1 - Working on a large scientific project where in addition to authors and assignee's they have chosen to track additional roles on a per-issue basis.

##### #2 - 2012-07-24 19:43 - Jean-Philippe Lang

- Subject changed from *Group results by user/version-format custom fields* to *Group/sort the issue list by user/version-format custom fields*
- Status changed from *New* to *Closed*
- Assignee set to *Jean-Philippe Lang*
- Target version set to *2.1.0*
- Resolution set to *Fixed*

Feature added in r10073.
