|---|---|---|---|---|
| **Status:** | New | | **Start date:** | 2011-10-14 |
| **Priority:** | Normal | | **Due date:** | |
| **Assignee:** | | | **% Done:** | 0% |
| **Category:** | Attachments | | **Estimated time:** | 0.00 hour |
| **Target version:** | | | | |
| **Resolution:** | | | **Affected version:** | 1.0.1 |
| **Description** | | | | |
| After uploading a file whose name contains "_-_" and creating a link to the file using the "attachment:" syntax, no html link is generated after saving. | | | | |

## History

**#1 - 2011-10-18 19:38 - Mischa The Evil**

Confirmed on [source:/trunk@7623](source:/trunk@7623).

**#2 - 2011-10-18 19:41 - Mischa The Evil**

*- Subject changed from Attachment links in wiki fail when the file names contain the syntax pattern ``_-_'' to Attachment links fail when the file names contain the syntax pattern "_-_"'*

Note: this is not tied to the Wiki only. It also happens on other objects which can handle attachments. Therefor I've adjusted both the issue subject and description.

**#3 - 2011-11-11 19:18 - Jean-Philippe Lang**

As a workaround, you can use double quotes which works fine:

```
attachment:"test_-_test.txt"
```
