

Redmine - Defect #9466

Watchers list appers very slow on issue page after upgrade from 1.0.1 to 1.2.1

2011-10-24 19:20 - Sergey Besedin

Status:	New	Start date:	2011-10-24

Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	1.2.1
Resolution:			

Description

I have ~90 users. In production mode when i press "add watcher", select-tag appears after 20 sec loading.

Problem with file: vendor/plugins/acts_as_watchable/lib/acts_as_watchable.rb:

```
def addable_watcher_users
  users = self.project.users.sort - self.watcher_users
  if respond_to?(:visible?)
    users.reject! {|user| !visible?(user)}
  end
  users
end
```

Recursive visibility check make mass sql-queries, so i just cut it off.

Here my logs before and after and patch.
