**Description**

I appreciate so much if in this version we can:

- 1. Have a Tab for Time Tracker
- 2. Log time in minutes Ticket [#947](#)
- 3. When we update a ticket, is important add time log
- 4. Remove the time comment or if it is blank put in the time tracker list the ticket how the entry refers (see my screen)

Is very important in my opinion increase the fatures of time tracker
