

Redmine - Feature #9482

Wiki - minor change without notification

2011-10-27 19:53 - Tomasz Sawicki

Status:	New	Start date:	2011-10-27
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Wiki	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description While editing wiki page, when the change is minor (formatting for example), I'd like to disable email notification for this particular change. In Confluence there's Minor change checkbox under the Wiki editor for this.
