Target version:			
Resolution:			
Description			
We would appreciate the ability to import Milestone (our preferred terminology) from an external file (e.g., CSV, pipe-delimited, etc.) that we could create with external project planning tools.			

History

#1 - 2016-09-12 20:42 - Benjamin Schunn

this is not trivial because there are many project planning tools and most of them have their own format.
