History

#1 - 2011-11-15 21:34 - Jake Booher

Also, forgot to mention, it redirects me to the "Issues" page after i try to create an issue (with no error message, or success message)

#2 - 2011-11-27 14:30 - Jean-Philippe Lang

- Priority changed from Urgent to Normal

- Resolution set to Cant reproduce

No idea, maybe setting the log level to debug (in config/environment.rb) could help.

#3 - 2011-11-27 15:06 - Jake Booher

- *Status changed from New to Resolved*

I fixed it. I had to change the versions of a couple gems and ruby.

It DID have something to do with [#9561](#), even though i was told that it was just a warning and could be ignored.

#4 - 2011-11-27 16:43 - Jean-Philippe Lang

- *Status changed from Resolved to Closed*

Thanks for the feedback.
