History

#1 - 2011-11-21 07:32 - Alex Last

it looks like a duplicate of #8697 , but I have had Redmine 1.2.1 installed on that server before...

#2 - 2011-11-21 07:40 - Alex Last

I tried updating rails, using "gem update", "gem install mongrel" - I'm stuck now. The new version does not work and no way to get to the previous one... sad.

the install/upgrade instructions for Redmine are getting a bit complicated for normal users. how many of them will want to go through all these games: "install rack Y, but then do not install X, and then install 3 patches and then update this and that", especially since there are no good step-by-step instructions and many solutions do not lead anywhere...

#3 - 2011-11-21 23:17 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Duplicate

Your problem is a Mongrel 1.1.5 (3+ years old) / Rails 2.3.11+ compatibility issue. I personnaly don't use mongrel and don't need to patch anything to run latest trunk.
