

Redmine - Feature #9630

show list of version related files in version view

2011-11-22 09:37 - Terence Mill

Status: Closed	Start date: 2011-11-22
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Roadmap	Estimated time: 0.00 hour
Target version:	
Resolution: Duplicate	
Description	
<p>If files module is active you can assign files to versions. It would be nice to have a list of these files in an own box ("related files") similar as "related issues" shown in the version view, e.g. http://www.redmine.org/projects/redmine/versions/39</p> <p>Moreover an absolute count of related files in the roadmap per version would show the user, that there are documents available for this version.</p>
