Category:	Roadmap	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Duplicate		

Description

If files module is active you can assign files to versions.
It would be nice to have a list of these files in an own box ("related files") similar as "related issues" shown in the version view, e.g. http://www.redmine.org/projects/redmine/versions/39

Moreoever an assolute count of related files in the roadmap per version would show the user, that there are documents availabe for this version.
