Resolution:	Fixed			

Description

Hi.
I need a some special Custom Query to get all issues, which **were** assigned for example to Developers.
How can I make it?

This is currently not implemented.

#2 - 2019-12-14 03:37 - Go MAEDA

- Category changed from Issues to Issues filter

#3 - 2023-05-05 09:05 - Go MAEDA

- Related to Feature #31381: Find change status of issues at custom query added

#4 - 2023-05-08 15:20 - Go MAEDA

- Related to Feature #38527: New issues filter operators "has been", "has never been", and "changed from" added

#5 - 2023-05-11 09:30 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Fixed

You can do this by using "changed from" or "has been" operators implemented in [#38527](#38527).

- [Assignee][changed from][user]: selects issues where the user was an assignee at some point in the past
- [Assignee][has been][user]: selects issues where the user was an assignee at some point in the past or is the current assignee
