Redmine - Defect #9724

Can't remote add new categories

2011-12-05 09:51 - Philippe Lafoucrière

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Philippe Lafoucrière		**% Done:**	0%
Category:	Issues		**Estimated time:**	0.00 hour
Target version:	1.3.0			
Resolution:	Fixed		**Affected version:**	

Description

There are 2 issues with remote add categories in issues (the (+) button next to categories when update issues):

- If categories is empty, there's no way to add a new one
- I have an error where name can't be blank

Associated revisions

Revision 8096 - 2011-12-05 20:54 - Jean-Philippe Lang

Parameter changed to issue_category in r7882 (#9724).

History

#1 - 2011-12-05 09:55 - Philippe Lafoucrière

Yes, in project setting.

> - I have an error where name can't be blank
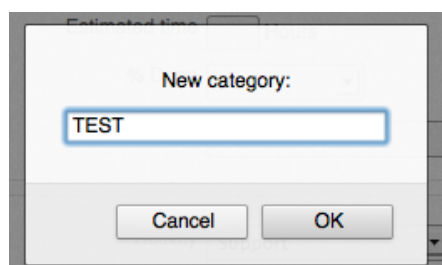

AFAIK, a category has just a name?

**#3 - 2011-12-05 12:09 - Philippe Lafoucrière**

- File cat1.png added

- File cat2.png added

yes, I can add them from project setting, but why would it be different for the first category ?
Also, about category name, please see :

thanks

#4 - 2011-12-05 12:30 - Etienne Massip
- Status changed from New to Confirmed

- Target version set to 1.3.0

- Affected version (unused) set to devel

Philippe Lafoucrière wrote:

It's a simple way to hide the Category field (or Version field) to people who don't need it.

> Also, about category name, please see :

> thanks

Got the same issue. What's your Redmine version?

#5 - 2011-12-05 12:32 - Philippe Lafoucrière

I'm using redmine devel (r8091). The problem appeared 2 weeks ago approximately.
thanks

#6 - 2011-12-05 13:53 - Etienne Massip

Guess it's due to r7881, guess that the error is in IssueCategoriesController#create.

Version field works fine.

#7 - 2011-12-05 20:55 - Jean-Philippe Lang

- Status changed from Confirmed to Resolved

- Resolution set to Fixed

Fixed in r8096 and merged in 1.3-stable.

#8 - 2011-12-05 20:58 - Jean-Philippe Lang

- Status changed from Resolved to Closed
