

Redmine - Defect #9784

strange behaviour if accessing rest api when not logged in

2011-12-13 01:26 - Terence Mill

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:		Affected version:	1.2.1
Resolution:			

Description

*Precondition:

- Authentication required is on
- Enable REST web service is on
- All projects are not public

First test
call url <http://server.m.redmine.org/issues.xml>
Html pop up for authentication with username/password entry field raises. I enter valid data but dialog pops up again and again ..
As i hit Escape i get following

This page contains the following errors:

error on line 1 at column 1: Extra content at the end of the document
Below is a rendering of the page up to the first error.

Second Test:

Call url <http://server.m.redmine.org/issues.xml&key=0874f14ff4da91700ba558ed81fc0405f672c13c> return white blank site.

Third Test
Log into <http://server.m.redmine.org> and do again the First Test
Returns following:

```
<issues limit="25" type="array" offset="0" total_count="1">
