

## Redmine - Defect #9795

### Unrelated error message when creating a group with an invalid name

2011-12-14 12:05 - Anton Hedström

|                                                                                 |        |                          |           |
|---------------------------------------------------------------------------------|--------|--------------------------|-----------|
| <b>Status:</b>                                                                  | Closed | <b>Start date:</b>       |           |
| <b>Priority:</b>                                                                | Normal | <b>Due date:</b>         |           |
| <b>Assignee:</b>                                                                |        | <b>% Done:</b>           | 0%        |
| <b>Category:</b>                                                                | Groups | <b>Estimated time:</b>   | 0.00 hour |
| <b>Target version:</b>                                                          | 1.3.1  | <b>Affected version:</b> | 1.3.0     |
| <b>Resolution:</b>                                                              | Fixed  |                          |           |
| <b>Description</b>                                                              |        |                          |           |
| If you try to create a group that already exists you get the following message: |        |                          |           |
| "Last name has already been taken"                                              |        |                          |           |
| Which last name? :)                                                             |        |                          |           |

#### Associated revisions

**Revision 8231 - 2011-12-15 12:13 - Jean-Philippe Lang**

Fixed: Unrelated error message when creating a group with an invalid name (#9795).

**Revision 8235 - 2011-12-15 14:06 - Toshi MARUYAMA**

use set\_language\_if\_valid instead of I18n.locale at unit group test (#9795)

**Revision 8236 - 2011-12-15 14:06 - Toshi MARUYAMA**

add unit test of group blank name in French (#9795)

**Revision 8237 - 2011-12-15 14:07 - Toshi MARUYAMA**

use same human\_attribute\_name logic with SCM models at group model (#9795)

**Revision 8768 - 2012-02-04 12:14 - Jean-Philippe Lang**

Merged r8231, r8235, r8236, 8237 from trunk (#9795).

#### History

**#1 - 2011-12-14 12:29 - Etienne Massip**

- Status changed from New to Confirmed
- Target version set to Candidate for next minor release

What's your Redmine version?

**#2 - 2011-12-14 12:53 - Anton Hedström**

I have expericensed the problem in redmine 1.2.2 and 1.3.0.

**#3 - 2011-12-14 13:40 - Etienne Massip**

- Affected version (unused) set to 1.3.0
- Affected version set to 1.3.0

**#4 - 2011-12-15 12:14 - Jean-Philippe Lang**
