

Redmine - Defect #9816

Issue Attachments in Redmine 1.3-stable

2011-12-15 21:00 - Shaun Gilroy

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Attachments	Estimated time:	0.00 hour
Target version:		Affected version:	1.3.0
Resolution:	Invalid		
Description			
<p>I'm getting ready to upgrade our Redmine 1.2 installation to 1.3-stable and I've noticed in my cursory look over that the 'Delete' link for issue attachments no longer works. It appears it was an intentional change to the attachments/links partial in the codebase that broke it.</p> <p>I'm working with Redmine 1.3-stable r8237</p> <p>MySQL 5.1.54, Ruby 1.8.7, Rails 2.3.14</p>			

History

#1 - 2011-12-16 00:08 - Jean-Philippe Lang

- Resolution set to *Cant reproduce*

Any plugin installed?

#2 - 2011-12-16 00:24 - Shaun Gilroy

Now that you mention it, yes. This one in particular...

http://www.redmine.org/plugins/redmine_lightbox

Which could be the source of the problem. I'll look into they have a plugin update. If you can't reproduce it, this may be where the problem is coming from. I'll update this issue with my findings.

#3 - 2011-12-16 00:26 - Shaun Gilroy

- Status changed from *New* to *Resolved*

Yep. The Redmine Lightbox plugin was the cause of this error and they have a fixed version:

https://github.com/zipme/redmine_lightbox/commit/dafcbde15ac967694d3d08458f8c5ee4522bdcc5

#4 - 2011-12-16 08:53 - Etienne Massip

- Status changed from *Resolved* to *Closed*

- Resolution changed from *Cant reproduce* to *Invalid*
