

## Redmine - Defect #9824

### Visual merge/branch history words are cut off

2011-12-16 10:08 - Denny Schäfer

<b>Status:</b> Closed	<b>Start date:</b>
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b> SCM	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	<b>Affected version:</b> 1.3.0
<b>Resolution:</b> Wont fix	
<b>Description</b>	
In the visual merge/branch history the word are cut off. For example the word <b>master</b> is cut off after <b>m</b> .

### History

#### #1 - 2011-12-16 10:12 - Denny Schäfer

The error is in file **revision\_graph.js** line 31. In my case var **cw** is every 40.

#### #2 - 2011-12-16 10:20 - Etienne Massip

- Category set to SCM

#### #3 - 2011-12-17 17:52 - Etienne Massip

- Status changed from New to Confirmed

- Target version set to Candidate for next minor release

#### #4 - 2011-12-20 14:24 - Alex Pogodin

Had the same effect until I refreshed my changesets. Try to remove and then readd the repo, worked for me

#### #5 - 2011-12-22 05:43 - Morgan Jones

I did and the result was the same. Shouldn't it look like more of a revision graph and less of a bullet pointed list? (tested on Mac Chrome 17.0.963.12)

I expanded the X spacing in the JS and still get a similar thing.

That screenshot link is invalid. Screenshot is attached.

**#7 - 2012-01-30 17:21 - Il'ya Shakitko**

May be i will help. This bug is only for old commits (before redmine update). After update the branch graph is ok.

UPD. I wrong.

I can reproduce the behaviour quite easily. It seems that when there is not enough branches to increase the horizontal width the words are cut off.

**#9 - 2012-03-14 12:12 - Daniel Ritz**

- File *fix-revisiongraph-width.patch* added

Attached a fix that works fine for me. It changes the width dynamically if there's not enough room to draw the tag names. Against 1.3.2.

**#10 - 2012-03-14 12:21 - Etienne Massip**

BTW, the way the graph is integrated into the revision list has been changed with version:1.4.0.

We removed the head revision branch names since they will necessarily be cut off and display them on revision dot hover.

There is still room for improvements, though.

**#11 - 2012-03-14 12:30 - Daniel Ritz**

Yeah I know, but I needed a quick fix for the stable version, so I thought I share it :)

**#12 - 2012-03-14 13:31 - Denny Schäfer**

Thanks for patching this bug

**#13 - 2012-10-10 13:29 - Denny Schäfer**

It looks like that the defect go away (i can't reproduce it with the last 1.4 version). Could anyone close the ticket?

**#14 - 2012-10-10 14:12 - Etienne Massip**

- Status changed from Confirmed to Closed
- Resolution set to Wont fix

Fixed when changed the way the visual tree is displayed for version:1.4.0.

**#15 - 2012-10-10 14:12 - Etienne Massip**

- Target version deleted (Candidate for next minor release)
