- Description updated

- Status changed from New to Closed

- Resolution set to Cant reproduce

Doesn't happen with a fresh 1.3.0, #sql_for_field accepts 6 arguments.

#2 - 2012-01-04 06:17 - Mike Dubman

- Status changed from Closed to Reopened

What do you suggest to trace this issue? It is always reproducible on our fresh setup.
Please suggest

- Description updated

You can attach your app/models/query.rb here.

#4 - 2012-01-04 09:28 - Mike Dubman

- File query.rb added

attached.
Also, I have many plugins installed, maybe some of them overloading sql_for_field func?

thanks

tried - still happens, it seems that question_plugin uses a right API for sql_for_field.

Is that possible that number of arguments to pass into sql_for_field is taken from DB at some point and there it is wrong?
