

Redmine - Defect #9926

export issues to csv fails

2012-01-05 10:27 - Mike Dubman

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	1.3.0
Resolution:	Invalid		
Description			
Processing IssuesController#index to csv (for 10.220.3.218 at 2012-01-05 11:26:04) [GET] Parameters: {"format"=>"csv", "project_id"=>"fca", "action"=>"index", "controller"=>"issues", "columns"=>"all"}			
NoMethodError (undefined method `formatted_questions' for #<Issue:0x2aaaab5db300>): app/helpers/issues_helper.rb:283:in `send' app/helpers/issues_helper.rb:283:in `issues_to_csv' app/helpers/issues_helper.rb:278:in `collect' app/helpers/issues_helper.rb:278:in `issues_to_csv' app/helpers/issues_helper.rb:277:in `each' app/helpers/issues_helper.rb:277:in `issues_to_csv' lib/faster_csv.rb:1053:in `generate' app/helpers/issues_helper.rb:271:in `issues_to_csv' app/controllers/issues_controller.rb:97:in `index' app/controllers/issues_controller.rb:91:in `index' config/initializers/mongrel_cluster_with_rails_211_fix.rb:62:in `dispatch_cgi'

What's the "formatted_questions" referring to?

Do you have such a column selected in the query columns?

#2 - 2012-01-05 11:31 - Mike Dubman

Do you have such a column selected in the query columns?

dont have such column, from the error it seems like formatted_questions is a method.

```
#grep -rn formatted_questions *
question_plugin/spec/lib/question_queries_helper_patch_spec.rb:94:  column = mock_model(QueryColumn, :name => :formatted_questions)
question_plugin/spec/lib/question_queries_helper_patch_spec.rb:105:    next if column.name :formatted_questions
question_plugin/lang/de.yml:4:field_formatted_questions: Fragen
question_plugin/lang/en.yml:4:field_formatted_questions: Questions
question_plugin/lib/question_query_patch.rb:12:  base.add_available_column(QueryColumn.new(:formatted_questions))
question_plugin/lib/question_queries_helper_patch.rb:20:    if column.name :formatted_questions
question_plugin/lib/question_layout_hooks.rb:8:td.formatted_questions { text-align: left; white-space: normal}
question_plugin/lib/question_layout_hooks.rb:9:td.formatted_questions ol { margin-top: 0px; margin-bottom: 0px; }
question_plugin/config/locales/de.yml:5: field_formatted_questions: Fragen
question_plugin/config/locales/en.yml:5: field_formatted_questions: Questions
```

#3 - 2012-01-05 12:11 - Etienne Massip

Yes, it's an accessor method to a DB column value.

Try to remove all the 'formatted_questions' you might find in the column_names column of the queries table?

there is no such value for "column_names" field in the queries table:

```
mysql> select column_names from queries;
+-----+
| column_names |
+-----+

```

#5 - 2012-01-09 10:50 - Mike Dubman

I did "grep formatted_questions" inside mysqldump file and found nothing

#6 - 2012-01-13 19:59 - Etienne Massip

- *Category set to Issues*

#7 - 2012-01-16 14:01 - Mike Dubman

- *Status changed from New to Resolved*

found a reason for failure:

I have copied inactive plugins under vendor/plugin/inactive folder.
once removed - all works fine
10x

#8 - 2012-01-16 14:25 - Etienne Massip

- *Status changed from Resolved to Closed*

- *Resolution set to Invalid*

Of nothing!
