Target version:	0.7		
Resolution:	Fixed		

Description

When creating time report, you can select Details: Year / Month / Week
What we need also is:

- Day (so you can track changes per day in current week - this will be my favourite one to catch eye on developers)
- All (sometimes you just need report for whole project without time slicing, for example for invoicing of completed project)

Associated revisions

Revision 1326 - 2008-04-05 18:40 - Jean-Philippe Lang

Various timelog report enhancements:

- report can be done using days as columns (#993)
- add a total column to the time report
- replace upper-right links by tabs to switch between details and report
- preserve date range filter when switching between details and report

History

#1 - 2008-04-05 18:48 - Jean-Philippe Lang

- Status changed from New to Closed

- Target version set to 0.7

- Resolution set to Fixed

Day level added in r1326.
Concerning 2., I've added a "Total" column, so you can have total hours on your project.
