Assignee:		% Done:	0%
Category:	Text formatting	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	No feedback		
Description			
<p>Redmine 1.2.0, text fornatter - textile. If last string in issues comments is in quotes - only this will be saved, other part of message will be delete.. For example (without []): [sdfsd sdfsdfdfs "it will be saved only"]</p> <p>Of course, it's not common messages, but users are surprised, when Redmine saves only last string of their comments.</p>
