Redmine - Patch #9998

Make attachement "Optional Description" less wide

2012-01-16 01:45 - W Snyder

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:	Jean-Philippe Lang	**% Done:**	0%
Category:	UI	**Estimated time:**	0.00 hour
Target version:	1.4.0		

Description

On my browser, under "New Issue" the attachment "Optional Decription" is pushing out the right side of the screen creating a horizontal scroll which makes the "private" button invisible unless scrolled to. This is because optional description has width 60, which is the same width as the description, however there's a lot more stuff on the left.

Simply make it 30 or so.

Patch attached. Thanks.

Associated revisions

Revision 8685 - 2012-01-21 10:33 - Jean-Philippe Lang

Resizes the attachment description field and moves the label to a placeholder attribute so that the field doesn't overflows (#9998).

History

#1 - 2012-01-21 10:33 - Jean-Philippe Lang

- Category changed from Attachments to UI

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Target version set to 1.4.0

This should be fixed with r8685.
